

CincyDeliver 2023

Deliver Value Through Quality Software

Sponsor Prospectus

CINCY DELIVER

FOCUS ON DELIVERING VALUE THROUGH QUALITY SOFTWARE

Invitation to Sponsor

Agile Conferences, Inc., and the Cincinnati .NET User Group, both Ohio non-profit organizations, are pleased to announce our thirteenth conference, Cincy Deliver 2023. Cincy Deliver will be held on July 28, 2023, at the Manor House in Mason, OH. Our 2022 event drew over 450 attendees, with 37 breakout sessions and two keynotes.

Our conference has always contained much more than just agile process talks. The very first Day of Agile (our original conference name) brought Scrum Masters, project managers, software engineers, dev-ops engineers, and testers, all together in the same room. We continue to offer content for the entire software delivery team. Delivering value by creating and maintaining quality software is a team sport, and we support the whole team.

The entire day is all about delivering value through quality software. Our goal has always been (and continues to be) to provide a day where your entire team can come and learn from the best speakers and each other.

As a leader in the Agile and Software Development Communities, your organization can exhibit your message before a large audience of experienced and new Agilists, Program Managers, Business Analysts, Product Owners, Scrum Masters, Testers, DevOps Engineers, and Software Engineers from across the region. This unique event in Cincinnati will surely be another great success and we would like you to be a partner.

Are you looking to hire professionals versed in agile development methodologies and/or software development? Do you have a product to sell that helps teams become more agile or improve their ability to deliver? This is your opportunity to talk to potential customers and/or employees from all over the region.

Please review this sponsorship prospectus to discover the benefits of partnering with us for this event. If you have any questions, please email me at admin@cincydeliver.org or call my cell phone at (513) 312-5664.

Best Regards,

Philip Japikse
